

## Golden

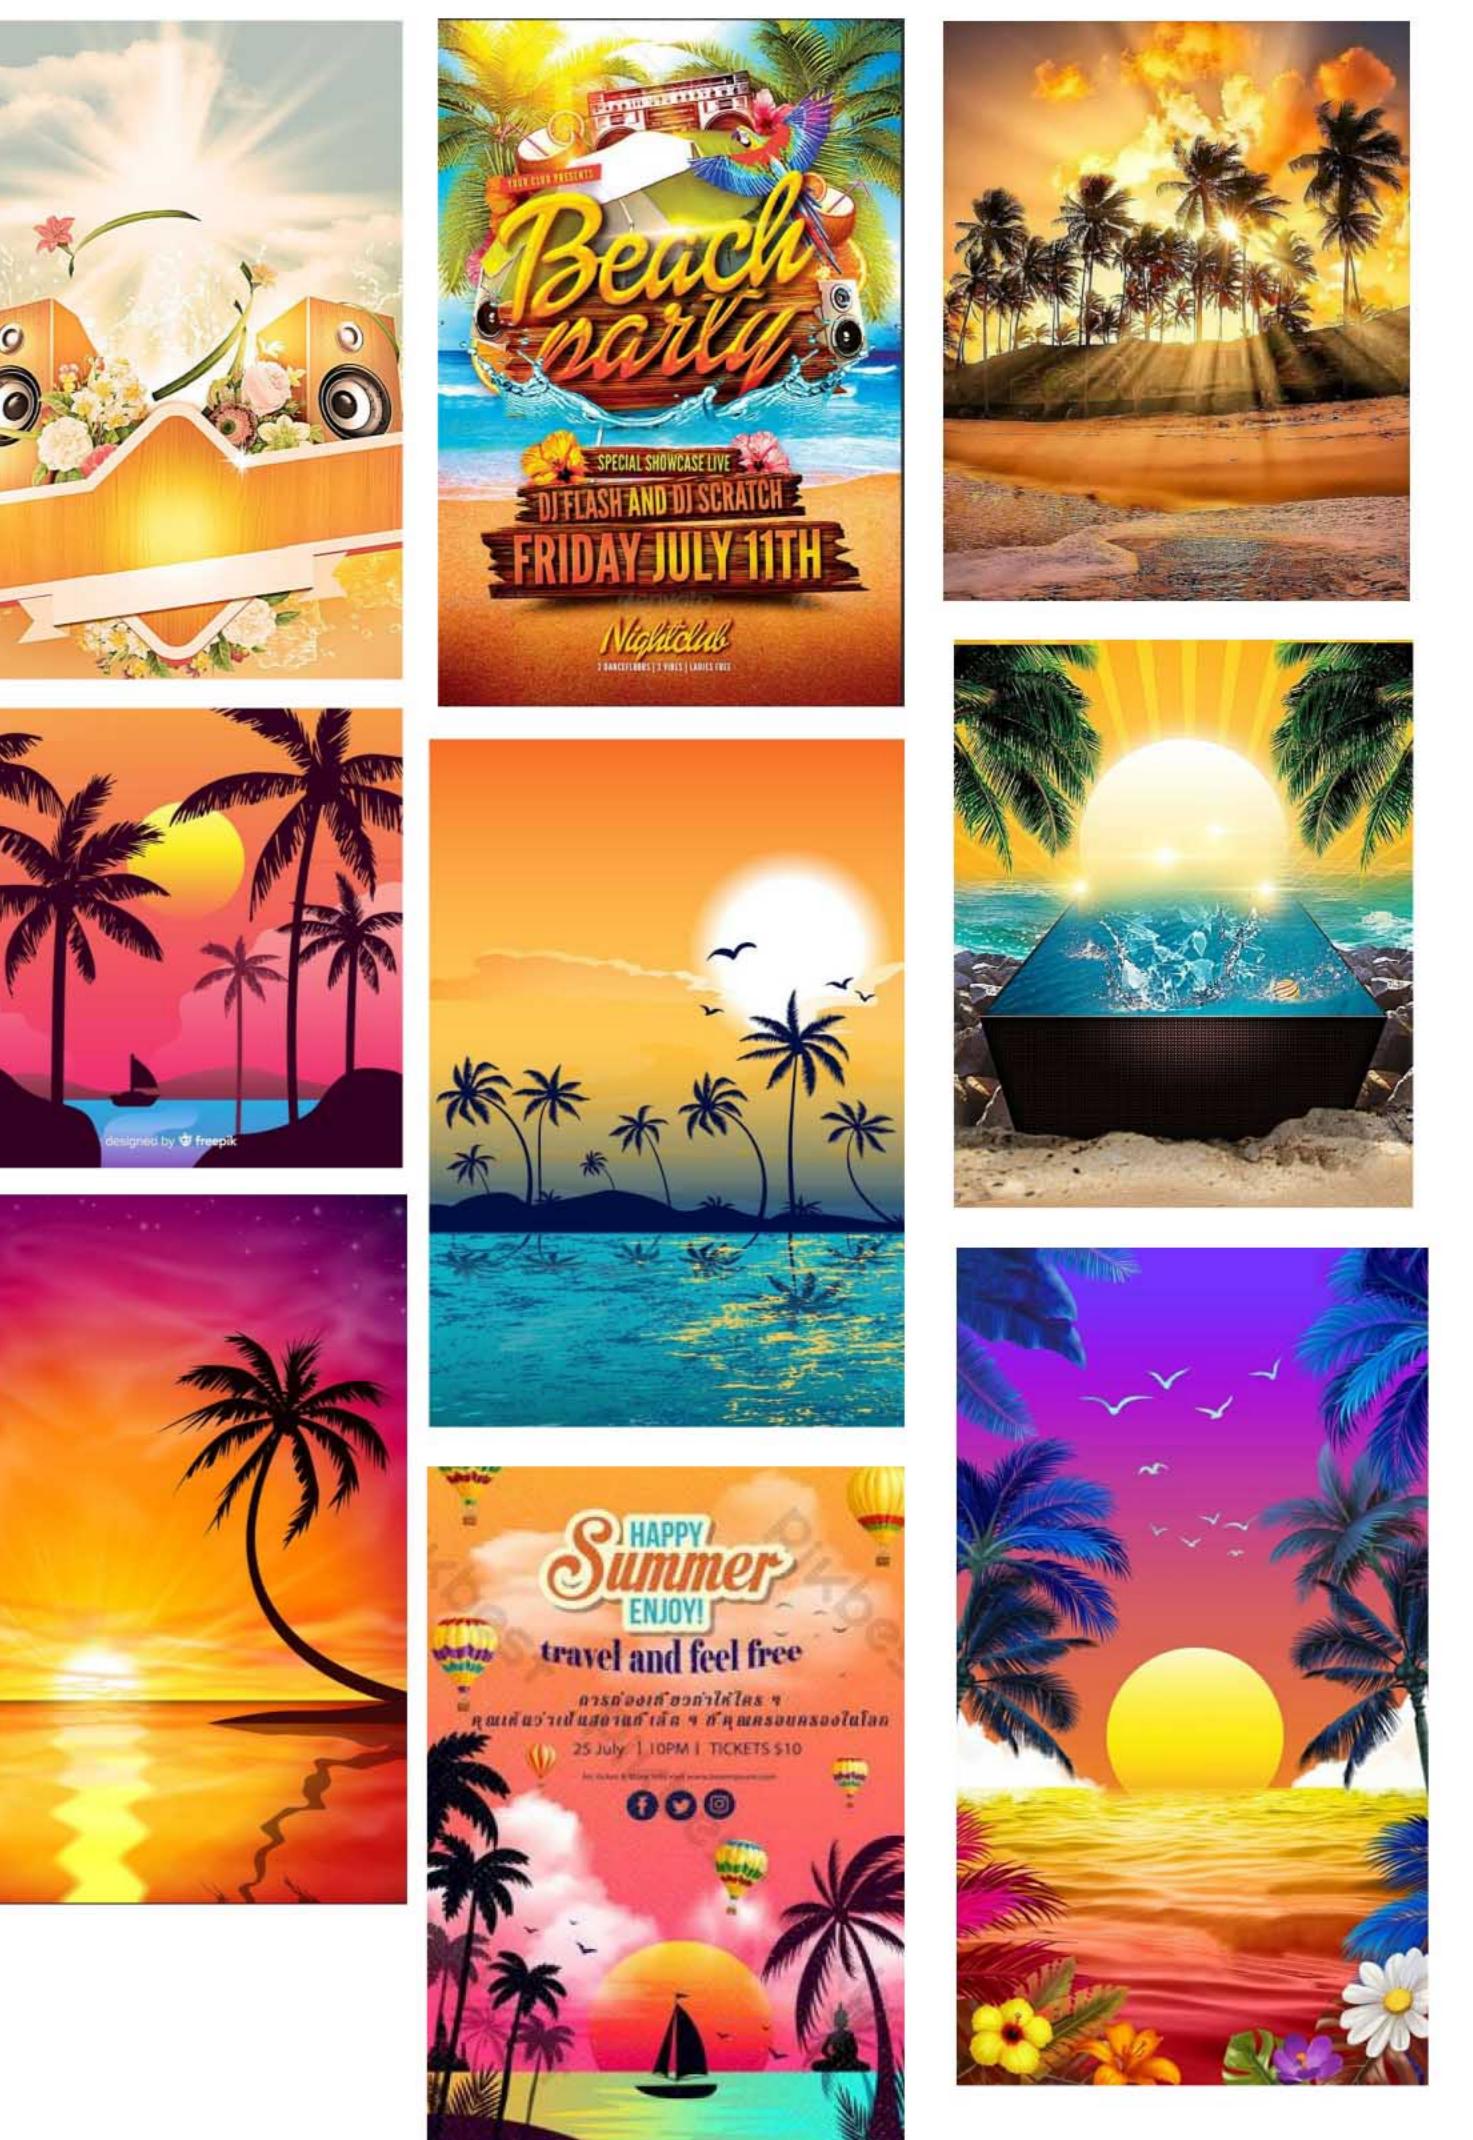

## Summer

## Beach

## Palm Tree

## Golden / Summer / Beach / Palm Tree

- overall just like the moodboard and theme
- strike right balance between beach / live dealer. Give them a summer prop like sun glasses on model's head etc
- make sure we use clear LD props as key elements: chips, playing cards etc..
- select different model from previous promo
- wooden panel with leaves for text boxes could work well
- cards and chips dropped on the sand
